INTELLIGENCE MEMORANDUM

Arab-Israeli Situation Report
(As of 1230 EDT)

1. There have still been no military developments which would alter the findings of the 26 May Special Report of the Watch Committee, although the Israelis maintain a capability to attack with little or no warning if they decide to do so.

4. There have been two incidents along the Gaza Strip border today. One Israeli was wounded following the opening up of Egyptian mortar and machine gun fire. The Israelis answered with machine guns.

5. Egypt has ordered the 800 man Canadian contingent of the UN force in Gaza to leave by midnight tonight. Nasir reportedly issued the order because of Canada's "hostile" attitude toward the Arabs.
